Take a seat

Following three years of development with architects and designers, as well as staff and client consultation at the Trust National Offices, State Commercial has partnered with Chengelie and local light manufacturer Green to provide world class, state of the art lighting throughout the new hospital, set to open in 2016. The project comprises almost 600,000 sqm and the design is the product of extensive collaboration, leading to the creation of new work and new environmental impacts. Furthermore, the development of these new contract designs will support following practitioners who wished to share their own take on the sustainable approach of green and their designers' work.

CELEBRATING SILVER

Benchtop Replacement Services are celebrating 25 years of family business this year. Starting as a small Adelaide Hills cabinet-making business in 1990, they have grown a reputation across Adelaide for high-end total project management of kitchen and bathroom enhancements, fitting out more than 1000 South Australian homes. With a family-oriented approach and the philosophy of transformation not demolition, Benchtop Replacement Services enhance existing kitchen and bathroom spaces, specialising in premium hard-wearing natural and engineered stone benchtop materials.
